

Tips and Suggestions for Poster Presenters

Development of Poster

- SCT will provide a numbered **4-ft. (1.2 meters) by 8-ft. (2.4 meters) landscape style** Gypsum constructed board to post your presentation.
- Abstract title, author(s), and institution should be placed at the top of your poster board in large lettering. The title should be about 1 inch (2.54 cm) high; authors and institution should be about 1 inch (2.54 cm) high.
- Your abstract will be printed in the final program book which will be distributed to all conference attendees; however, we also recommend that you post a large-type copy of your abstract in the upper left corner of your board so that attendees may easily refer to it.
- Please use large type size that can be easily read at a distance of 6 feet (1.8 meters).
- Be sure graphs and charts can be easily read at a distance of 6 feet (1.8 meters).
- All materials should be printed on thin paper or poster paper. Keep in mind that heavy paper may be difficult to keep in place on the display.
- Materials may be mounted using pushpins, Velcro or thumbtacks. Pushpins will be provided. If you wish to use other mounting materials, you must supply your own.
- The Poster Presentations are scheduled from 8:30 AM to 5:00 PM. You may set up your material in the designated space from 7:00 AM onward. Removal of your materials must be completed promptly by 5:30 PM to comply with other scheduled events of the conference. While the posters are on display all day for attendees to view at their leisure, there are two 30-minute time periods designated on both Monday and Tuesday whereby presenters must be on hand to discuss their research. Please refer to your confirmation letter for these "Poster Prime Times."
- A numbering system will allow you to locate your poster presentation. The number of your display board will correspond with the number of your abstract as it appears in the final program. You will be e-mailed your poster number on or by May 11, 2012.
