The Society for Clinical Trials holds an annual scientific meeting in locations across the world.

Professionals from all disciplines and regions attend, and participants can expect:

- **Multi-disciplinary programming with broad participation**
- **Plenary sessions, simultaneous workshops and contributed presentations in platform and poster format**
- **Pre-meeting workshop courses by leaders in the field**
- **Annual Student Scholarship Competition Exhibits**
- **Discussions of timely issues and research experiences among colleagues in the field of clinical trials**

SCT
SOCIETY FOR CLINICAL TRIALS

An international professional organization dedicated to the theory and practice of clinical trials.

Created in 1978, the ***Society for Clinical Trials*** is a multidisciplinary society with membership spanning myriad disciplines that are all critical to the field of clinical trials: biostatistics, clinical areas, IT and systems, data management, ethics, regulatory bodies, behavioral science, research coordination, patient partners, health outcomes researchers, and many others. Our members come from academia, industry, government and non-profit research and advocacy groups.

Society for Clinical Trials (SCT) is structured so that professionals with diverse interests and backgrounds can enjoy the many and varied benefits of membership. These benefits are designed to provide the highest quality education programs and other resources that will enhance and aid in the development of careers in clinical trials.

We welcome you to join us!

The SCT Administrative Office is located at:
85 W Algonquin Road, Suite 550

Arlington Heights, IL 60005

SCT
SOCIETY FOR CLINICAL TRIALS

General Information & Members Benefits

- The SCT membership year runs from January I - December 3 I.
- New members will get online access to the Journal, including archived journals, when they join. Members may OPT IN and pay a $20 fee to receive hard copy mailings of the Journal (and receive online access).
- New members who join October I - December 31 will receive member benefits through December 31 of the following year.
- When a membership application is processed, members will be notified via e-mail of their access credentials to the Members-Only Area of www.sctweb.org.
- Renewal for the SCT membership year will be payable at the end of each membership year for the new year.
- Members can renew dues online on the Members-Only Area (login required)

Some of the many benefits you receive as a member of SCT include:

✓ **Networking opportunities** with world-renowned interdisciplinary leaders including some of the brightest minds in clinical trials - experts from academia, government, regulatory agencies (e.g. FDA), and industry - and the ability to meet potential employers.

✓ **Continuing education opportunities,** including complimentary registration to SCT's live, interactive webinars and access to state-of-art published research through a complimentary subscription to ***Clinical Trials*** **Journal** and its related online accessible resources.

✓ **Substantially discounted registration fees** to SCT Annual Meetings. The SCT Annual Meeting is the Society's main event and presents exceptional educational, networking, and professional development opportunities.

✓ **Professional development,** leadership, and presentation opportunities for all members, regardless of area of expertise or career stage.

✓ **Societal outreach and communication,** including newsletters and broadcast emails, that keep members up to date on timely news related to clinical trials, as well as the Society and its affiliates.
